

*Daniel's photo*

**PALESTINE**

**Palestine, the Holy Land**

**Or ancient Land of Canaan**

**Sad and heartbroken**

**Cries daily for the death of his children.**

**Of their massacred boys and girls**

**Because of the bombs and shrapnel.**

**The gods and demigods of the three religions**

**How badly they coexist with each other**

**Even though they say otherwise**

**They are silent like obscene people**

**Watching how it is distributed**

**The Death Cake**

**One God of them; the most armed.**

**Israel, what ardor uses, what effort.**

**Your God has married infamy**

**Of a warlord**

**Pestle, simpleton, oaf**

**With the mind of a serial killer**

**Who boasts, laughing, repeating:**

**-We have to finish them all**

**Embarrass them and defeat them**

**Hating a hypocritical and lying truce**

**Imposed by foreign voices**

**“Civilized” voices**

**Holy voices**

**Like the Vatican Pope**

**That don't let us colonize its lands.**
