

*Daniel's photo*

**PALESTINE IS NOT A TALE**

**I don't cry out to any God  
Because they are all cardboard  
Or cloth lint. And I say:  
How there will be destined subjects  
To commit such horrible actions  
Of wanting to murder  
To an entire Palestinian people  
Including men, women and children  
Who have never done wrong  
Because some awesome flies  
Sometimes horrendous criminals  
Flies called terrorists  
Touch the balls  
To the war lords and settlers  
That, in a long procession  
Of colonization, looting and robbery  
Have shamelessly plundered  
And humiliated the Palestinian people  
Their colonists despising  
A small iota of humanity  
As demonstrated.  
This war against Gaza  
It's just another party  
Of Crime and Opprobrium  
Against the innocent  
That survive against history**

**Of inhumanity  
That denies that to other peoples  
We should have appreciation.  
So we see, and time tells  
How the world falsely called  
“Civilized” with its Pope included  
Instead of imposing yourself  
And saying “Enough”  
Encourages crime, deaths  
And the colonizer takes revenge  
Because Israel has the best weapons  
And to the warlords  
That like to tell stories a cappella  
Of serial killers.  
—Daniel de Culla**
