

Three Poems

By yours truly, the happy recluse

color one

If GodFace has color
it's where atoms are empty . . .
unseen/beholdingly : radiating
brainbow prisms
 liberatingly : self-recognized
where I AM is one color : *clarity*
(unstained linguistically):
self-meditative effortless deLight
 that's not lazy—
empty-atom field
 Garden E stability:
unexpelled by ego-stuck
 dust-to-dust destiny,
GodFace color *clarity*
 undammed by scenery;
beautiful or ugly mind-mirrors reflect
stainlessly : sudden-access quality
in-hearing silently : thought-free
 secret mantra
understanding edgelessly : entering
GodSpace so fast it's I AM already:
I AM actually, clear through egoity.

So why say 'enter' at all?

It's [your] discovery : color one embracing
GodSky/mindcloud(s) centrally—
where it's *clarity* it celebrates diversity
(each one intimately) 'tween the temples
GodSpace color of
 no post or pre : deLight
dry as GodSun now
 immersing five-sense sea.

tranquility now

Adore AH door of liberation.

Demonstration?

See : shadows of mind lampshade
unglued to lucidity, tranquility now
flowing bliss this-instant ceaselessly.

Concentration focus?

Glows self-meditatively.

Treasury of faith?

I AM (that no known name can be).

Vividly..?

Pronounced where AH's in-hearing silently.

All-directional connection?

Inexhaustedly : one GodSun—

Mind-prism rays?

Unseparatedly...
no resting place for AH in dust
to dusty destiny.

Sabbath rest?

Creation now : profound activity.

'My' wisdom-eye is comprehending!

Mid/unliddedly—
peaceful radiance undying/unborn equally.

'Undying/unborn' ...where's I AM?

Where there's no post or pre;
so-called 'big bang' passes through
[your] core identically.

I AM/you???

The View
no seeking imagery can be...
that's crude idolatry; whereas base idolatry
clings to 'this shell is me.'

'View' nearer than all five senses!

So near no 'near' can be : I AM actually.

*Even so, all skullshells house
access centrality?*

Unfixatedly : KnowGlow silently.

That's the 'secret mantra?'

Sounds point to it constantly.

Even if you're deaf?

Witness silence identically—
self-meditatively : true treasure has
never been expelled from Garden E.

What is it that is expelled?

Slave shell egoity : exodusted where
one's atoms are
vastly empty . . .

Astounding how it's effortless!

As well as un
lazy, don't wait to die to see...

*Contemplating GodGlow is
I AM identity!*

Direct as can be...

*According to capacity to
understand thought-free!*

True fruition rhymes with joy
dawn-fresh horizon-free.

*Mirror-image & mirror-stainlessness...
now there's a rhyme clean through!*

Universal Constant/Present
insight/edgeless View.

*No greater pleasure than rhyming
understand & thought-free!*

Just as seeking I AM rhymes
god-clogging needlessly.

*Enskulled mindstars wholly
rhyme GodSunny unity!*

Sun seen in drops of dew...

*I'd reply but my dewdrop
dried Up—*

My dewdrop too.

I'd like to introduce you to...

I'd like to introduce you to...a few friends of mine,
who all share the same shine : egoless deities; their
names describe them far more than their physicalities.
Most are friendly (some are scary) scary only so...
they scare away ego; & so open the way : to GodSun
from soul-ray; or brainwave to GodSea;
however you conceive...they always say

It's better to connect than to believe.

Graciously they let yours truly transcribe poetry : per
their *utterances* (ordinarily word-free) resulting in
(what some of 'em call) *worded clarity*
(some condescendingly) but most agree the poems point to
what's best known wordlessly.

They do allow me to convey : something I'm quite pleased
to say : 98% of 'em profoundly disagree—
with those finding fault with me

'revealing secrecy.'

(For what it's worth) this uni verse would not
have come to be...without friends like these
who let me in
